2. Appreciation of the kindness of the Honorable Thomas H. Dowd, who has consented to deliver the address to the graduates.

3. Welcome to the Alumnae who have returned for Commencement.

4. Welcome to Parents and Friends of the Graduates, and to Friends of the College.
FACTS CONCERNING THE COLLEGE

Emmanuel College was founded in 1919 by the Sisters of Notre Dame of Namur. The work was undertaken with the approval and the blessing of His Eminence, the Cardinal, to meet the needs of those students who desire to pursue in the vicinity of their homes advanced courses conducted by Catholic professors. The purpose of the founder was to provide for such students a liberal education which, while lacking none of the advantages offered to women by non-Catholic colleges of the first rank would at the same time be permeated with Catholic principles and shaped in accordance with Catholic ends.

The College is fully empowered to confer degrees under the terms of its charter, granted at the time of its incorporation under the laws of the State of Massachusetts. It is affiliated with the Catholic University of America at Washington, and it is registered in full with the University of the State of New York. It is a member of the Catholic Educational Association, and is one of the colleges on the approved list of that Association. It is under consideration for a place on the approved list of the Association of American Universities.

The aim of the College is to fulfill the hope expressed by His Eminence, the Cardinal, at the opening of the college, viz.: "that the history of Emmanuel College may be another golden and inspiring page added to the history of Catholic education in the Archdiocese of Boston."
Statistics of Enrolment

The total registration to June, 1927, is 486.

The registration for the Academic year, 1926 - 1927, is 250.

Notes Concerning the Curriculum

In September, 1926, courses were opened for graduate students, leading to the Degree of Master of Arts and in co-operation with the Board of Superintendents of Boston Public Schools, authorized by the Boston School Committee, the Department of Education of Emmanuel College has established courses for college graduates, leading to the degree of Master of Education. Under this plan the work done in educational research and in Practice Teaching is accepted by the Superintendents of the Boston Public Schools in lieu of two years of experience in the requirement for the High School Certificate. The Practice Work of students in this course is done through the courtesy of the Reverend Pastors in the parochial High Schools of the Archdiocese, which are taught by the Sisters of Notre Dame. This practice teaching is under the supervision of the Faculty of Emmanuel College.

In order to meet the demands of such graduate work new members were added to the Faculty in September,

Dr. Mary C. Mellym, of the Association of Superintendents of Boston Public Schools
Miss Beatrice Mahoney, of Boston Teachers' College
Miss Mildred Hannon, A.B. - Emmanuel 1925, A.M. - Radcliffe 1926-
Mr. Walter Downey, Headmaster of English High School, and a member of the Faculty of Massachusetts Institute of Technology
Dr. William F. Linehan, of Boston Teachers' College
Points of Interest Concerning the Alumnae

With these Commencement Exercises Emmanuel College completes the Eighth year of her existence. During this time she has registered 485 students; 197, including the present graduating class, have received degrees and are listed as members of the Alumnae Association of Emmanuel College; and 250 are still in the undergraduate classes.

Of the 197 members of the Alumnae Association, 16 have become religious; 11 have married. 98 are teaching in the public schools; 25 are holding other positions.

Among the 197 members of the Alumnae Association there are 43 who have received higher degrees -

14 from Boston University
12 from Emmanuel College
8 from Boston College
2 from Clark University
2 from Boston University
1 from Trinity College, Washington, D.C.
1 from Columbia University
1 from Radcliffe
1 from Clark University
1 from Saint Francis Xavier's, Antigua.
Bovine or Intrauterine Conception

With these concepts in mind, let us consider the following:

- During this time, the cow remains in a state of pregnancy due to the presence of the embryos.
- In the absence of adequate nutrition, these embryos may not develop properly.
- As members of the American Association of Bovine Cattle, we must address these issues.

An arrangement for the American Association of Bovine Cattle

If there is any remaining food, the members of the American Association must be notified.
