High Honors for Margaret Scully

Another honor bestowed on one of the members of the Class of 1942 was that of an invitation to join the Alpha Eta Chapter at Harvard of the Pi Lambda Theta, National Honor Society, founded in 1910, for women in the field of education. Margaret Scully, recipient of a scholarship to Harvard University Graduate School of Education, was guest at a pre-initiation tea held on March 26 at Harvard University. A dinner for the new members was held on April 14, at the Harvard Faculty Club, with Dean Holmes presiding. She will receive her M. A. in May.

BEST WISHES TO OUR PRESIDENT

On Easter Sunday afternoon, Mr. and Mrs. Walter May Kennedy announced the engagement of their daughter, Alice Veronica, to Aviation Cadet Walter R. May, U. S. N. R., sons of Mr. and Mrs. Walter D. May, of Roxbury, and Griswold.

Cadet May is an alumnus of Holy Cross and Boston University College of Business Administration. At present he is stationed at Pensacola, Florida, having completed training at Chapel Hill, North Carolina and Grosse Ile, Michigan.

Plans are being made for a late summer wedding when Cadet May will be commissioned.

An Executive Board meeting was held Monday evening, May 10th, at the home of Margaret Doherty, in Andover.

Plans for the 1943-44 program of the Club were discussed.

The Board members are Elizabeth W. Sullivan, Mary Rita O'Connor, Mrs. Bernard Kiernan, Madalyn Mahoney, Margaret Doherty, Mrs. John P. S. Doherty, Mrs. James Donahue, Mrs. H. Frank McCarthy, M. Adelaide O'Sullivan, Mrs. William Furbur, Mrs. James J. Jordan, Lucy Perry Jordan, President.

13TH BIENNIAL CONFERENCE OF THE I. F. C. A. HELD AT EMMANUEL

Sunday, May 23, was the date set aside for the 13th Biennial Conference of the Alumni Federation of Catholic Alumnae, which was held at Emmanuel College. Mass was celebrated at 10 o'clock by the Right Rev. Richard J. Quinlan, Rev. Joseph Manton, of the Mission Church, Roxbury, was the speaker at the breakfast.

Miss Florence Welch of the class of 1942 was chairman of the committee on breakfast reservations. The Misses Margaret A. Sullivan, Mary J. McCarthy, and Alice V. Kenneally were members of the various committees.

DIOCESAN CONGRESS

The League of Catholic Women held its seventh Diocesan Congress on May 11 and 12 at the Hotel Statler. The Misses Genevieve Steffy and Alice Kenneally served as Emmanuel delegates at the congress.

On the second day of the congress many resolutions were made, the most important being a declaration that "We deplore any program which loses sight of the basic and divinely ordered distinction between the sexes and we condemn in principle any co-education or regimentation of our American women." This resolution was so phrased to imply opposition to proposals to register women and draft them for factories or farms, but to permit possible future approval of such emergency measures as might be necessary in the event of an invasion or mass bombings. As a representative of the WAVES Ensign Mary Beatty, U. S. N. R., class of 1941, was invited to give a five minute talk on the merits of this branch of the service and why it was her chosen field. More than 1,500 people attended the Speakers' Dinner on Wednesday evening, at which the Rev. Charles D. McInnis, headmaster of Saint Sebastian's Country Day School, spoke on "A Philosophy for the Times."

Other Emmanuel Alumnae connected with the Congress, or seen at the functions of the Congress were Miss Mary O'Shea, Mrs. William Hogan, Miss Margaret Sullivan, and Mrs. William Arthur Reilly.

POPS

Emmanuel Night at Pops will be June 16th. The price is $1.65. Tables may be reserved for four, five, or six.

This will be a pleasant and easy way to make money for our Alumnae.

For reservations call Miss Mary Mullane, 361 Harvard Street, Cambridge. Kirkland 6026. Invite your family, relatives and friends. Let's make it a real family affair.

VERBUM SAT

The Rummage Sale was held at Horticultural Hall, Saturday, May 1, in spite of gasoline rationing, a change in date, and very little cooperation from members of the Alumnae Association, we realized a profit of $238.25. This represents the efforts of less than fifty of our members who worked at the sale or contributed articles to it. The rummage sale could be our most profitable affair of the year if just half the girls in the Alumnae Association would take a little interest, send things in without waiting to be asked, or volunteer to assist by selling for an hour or two the day of the sale. Think this over, girls, and resolve to do your part next Spring and double this year's receipts!

Eileen Griffin Craven.

ATTENTION REUNION CLASSES

All members of the reunion classes, this is — '23, '28, '33, '38, are invited to be in line in Cap and Gown on Degree Day, June 8, 1943. Sister Superior and Sister Helen Madeleine would like to extend this invitation to the same classes for the Baccalaureate Mass on June 6. However, the limited space in the chapel will not provide for guests in the graduating class along with a large group of the Alumnae. So the four class officers of the reunion classes or their alternates and the officers and board of the Alumnae Association will represent the Alumnae.

The activities on Degree Day are scheduled for 4 o'clock.

“I have been in ‘boot’ training at the Naval Training School (W. R.), Hunter College, Bronx, New York, since May 4th. The magnetic attractions of Navy life can be summed up very nicely by a phrase which one of my instructors used: ‘All life is discipline, but more so in the Navy!’ It is certainly a soul-stirring experience and I truly have no regrets that I have chosen this way to serve.”

Margaret Steely, ’42

This talented alumnae was sworn in the WAVES April 22, 1943 and plans to leave in June for Officer’s Training School. Her aim is to teach in the WAVES.

Eleanor Spillane, ’39

Eleanor Spillane has received her commission of Ensign in the WAVES and has been stationed at Quanisset.

Ensign, W V (S) U. S. N. R.

Commissary Office
Naval Station
Algers, New Orleans, La.

Dear Editor:
Your card just reached me today, and I am writing right back to you to let you know a little about my work down here with the Navy. I am the dietitian here on the station. My official title is Assistant Commisary Officer.

Besides planning and supervising the three meals a day for these Navy men, I have charge of the Ship’s Cooks’ and Bakers’ School which we have here. The boys spend sixteen weeks with us attending classes and carrying out the practical work in the galley and the bake shop. As soon as they finish they are assigned to a ship for duty and are held responsible for all the cooking and baking on their ship. It would be very hard for the crew of any ship if we did not send them a good cook that I am still in training and will not be assigned to a real “job” until I finish the course (unless the course finishes first).

At the present moment, I should like to be triplets — one to take the course at M. I. T., one to keep up with the Alumnae activities, and one to do nothing and thoroughly enjoy it.

However, as I am only one person I have all I can do to keep up with the work I have been assigned to, so hope to see it through successfully.

Another Alumna who may be too busy to write you before the News goes to print is Lt. (jg) Dorothy Rice, who is the First Lieutenant at the Naval Training School at Bloomington, Indiana. Dot wrote me not long ago, listing her duties, and the listing duties alone covered three pages. However, I am sure she is doing a splendid piece of work and is supremely happy.

My best regards to you and all the members of the Alumnae.

Sincerely, Esther M. Turnbull

Subject: WAVES — Being in the Navy.

It is requested that WAVES do not talk about their work.

2. It is not requested that WAVES hide their enthusiasm for the WAVES.

3. It is duly noted that some WAVES names not given (but see below) are absolutely sold on being in the service, Washington, and the WAVES in the office they are.

4. If each Navy letter were not limited to one subject it would be proper to ask why more Emmanuel Alumnae do not join the WAVES.

5. It is noted that the last part of a good Navy letter may emphasize the main points of preceding statements: ex: “how” happy some (WAVES, of course) I have encountered from friends and acquaintances when I tell them the news. I had no idea that they were so anxious for me to leave town. With excitement and anticipation, I remain: Cordially yours,

Mary A. Elcock.

Dear Ida:

Your request for a few words from me gives me the chance to say “hello” to all my friends in the Alumnae whom I feel I have neglected so badly during the past months.

As you probably know I am one of the twenty-four WAVES who have been assigned to study Meteorology at M. I. T. They are still in training and will not be assigned to a real “job” until I finish the course (unless the course finishes first).

At the present moment, I should like to be triplets — one to take the course at M. I. T., one to keep up with the Alumnae activities, and one to do nothing and thoroughly enjoy it.

“I am in the office of Officer Procurement, which grants Commissions. I love it and wish that there were more Emmanuel girls in the SPARS. I am stationed at Coast Guard Head- quarters, 1300 E. Street, N. W., Washington, D. C. I play many roles, even to week-ends in Washington, and my work is so interesting at the Preface of "Life and Times in the Navy." After the completion of endless forms, physical exam, aptitude test, and personal interview, I was finally sworn in on May 1, 1943, and I am waiting to be ordered to Officer’s Training School.

If the rest of the chapters prove to be as interesting as the Preface of "Life and Times in the Navy," I am sure that I have made a wise decision. The only qualms I have are relative to the expressions of joy that I have encountered from friends and acquaintances when I tell them the news. EDITORIAL

Dear Alumna:

Almost every periodical and newspaper is stressing the importance of our duty toward the Home Front. Because we are so happy to be in this great country, we are accepting our trifling self denials in a truly Christian spirit, but lately, it seems to me that we are accepting our duty towards Emmanuel with a laissez faire attitude. Emmanuel's home front is a needy one, depending almost entirely upon the generosity of the Alumnae.

We all like generous people. They bring a glow to our hearts when we meet them. The very term itself has an expansive attitude about it, and in its complete fruition knows heart and spirit and, lastly, it entails sacrifice. Are you generous? Are you doing your share towards the Alumnae? Or are you hiding your lack of generosity under such things as fatigue, time, volunteer work, dim-out, home duties? You know a woman usually does one of two things — what she wants to do or what she feels she must do. If you are really an Alumna of Emmanuel, you couldn't be just a little more generous to Emmanuel?

Could you not share some time with the different committees to write a few letters, or to make some telephone calls. These take time but if everyone helps the burden would be lighter.

Wake up, girls! Ask yourself to answer these questions Honestly. Alma Mater needs your help. In these days where women are disheartened with fear for some loved one, work hard. It is the panacea for all evils. Do not neglect the duties of your particular state in life — continue your volunteer war work, but budget a bit of your small Alumnae Activities so that Science Building will become a reality and our girls can do more to help our country.

This is my Swan Song — Yes, I refer to Coleridge's famous lines! — But let me add: My best wishes to every one of you and Godspeed to those in the service of our Country. Sincerely, Ida G. Finn

The Annual Communion Breakfast of the Alpha Lambda Club was held Sunday, May 2nd, at the St. Clare House. The guest speaker was Rev. William Donovan, O. S. A.

A business meeting followed the breakfast. Final plans were made for the awarding of the Annual Scholarship for Emmanuel.

The committee for the breakfast comprised: Ann Manzi, chairman; Katherine Kearney, Catherine Bresnahan, Clare Martin and Kathleen Murphy.

A LETTER TO THE EDITOR

325th C. A. S. L. Bu, Camp Haan, California

Dear Ida:

The news of my marriage in the February News was not quite correct. Since I do not have our Class Reporter's address, I am writing to you.

I was married on September 2, not in October. I lived in North Balmouth until November and then spent Thanksgiving with my husband's family in Roanoke, Virginia. From there we went to Wrightsville Beach, North Carolina. We spent Christmas in Columbia, South Carolina, with some friends stationed at Fort Jackson. We celebrated the New Year's holiday in New Orleans and then went to Mexico and since then we have been living in Riverside, California.

My husband is with a Coast Artillery Searchlight Battery (Moonlight Cavalry, as the Army calls them) stationed at Camp Haan. I wonder if there are any other Emmanuel girls out this way. Being far away makes one appreciate Boston, though I will admit I enjoy this California weather and skipping one Northern winter.

The housing situation here is terrific. There just aren't enough houses to go around. March Field is across the road from Camp Haan and there is also a new steel mill in a nearby town so between the Army and the defense workers the town is overflowing. We were very fortunate in finding a house our second day here. It's quite far from the Post, though, and we have been trying to find something nearer.

Incidently, I am quite proud of my husband. The Army recently patented an invention of his — an under-water mine-rope cutter. There may be a story about it in the next issue of the Coast Artillery Journal.

I certainly do enjoy the Emmanuel News and think you are doing a splendid job as Editor. May you have continued success.

Sincerely, Reita Brown McCull, '36 (Mrs. Wilmer C.)

THE CLASS OF 1943

With the close of the 1942-1943 academic year, the Bureau naturally has been busy advising and placing the graduating seniors. For the class of '43, as for Miss Rogers, the Director, the task has been difficult because of the variety of opportunities presenting themselves. The aircraft companies asking for girls to train as engineering aides; Washington beckoning with openings in the Signal Corps department, where graduates might be trained in coding and decoding; or with openings for Junior Economists, Chemists, Stenographers and Statisticians — these are but part of the picture. Whether or not to leave home has been a problem that has loomed large in the consideration of the young graduates.

With so many fields in which immediately to employ one's talents, General Raymond was to graduate study has proved an equally difficult one. As in most of the colleges of the country this June of 1943, there is a greater eagerness among the graduates to be doing than to spend more time in preparing, so that although scholarships are being offered as in the past, fewer girls are planning to do graduate work.

As we go to press, only a partial list of those honored with scholarships is available. Mary Rohan and Edna Murphy have won scholarships at the Boston University School of Social Service. Anna Billotte has won a scholarship offered by the Chance Vought Company. She is to study for eight months at the N. Y. University School of Engineering.
