NURS3105: RESEARCH METHODS IN NURSING

Subject-Specific Databases in Nursing

- From the drop-down Research Guide options on the Library home page, select Nursing and Medical.
- Then, select the appropriate database from the Article Databases: Ranked by Relevance section. Databases include CINAHL with Full Text, Science Direct, and Nursing@Ovid.

CINAHL: Cumulative Index to Nursing and Allied Health Literature (EBSCO)

1. Enter search terms in the text boxes.

2. Select the appropriate limits from the options found below the text boxes.

3. Click on Search to display the results.
   
   Hint: On the results page, change the Page Options to Detailed to see the abstracts in results list.
