FALL MEETING OF ALUMNAE, OCTOBER 25

25th Anniversary Drive

To the Alumnae:

This is the first opportunity I have had to speak to you since the notice of the 25th Anniversary Drive was sent through the mails. The letter, I know, was long, but I hope was clearly expressed. With the most minute care to be definite on my part, there may be points in the message that you will be pleased to have explained. Association, have your questions to the chairman or to the members of the committee, who will be most happy to help you. Let us have your views.

To work on such a gigantic task of raising $100,000 in war times gives those in charge many physical and emotional responses; physical, because it is a task to reach 1250 members of an association; emotional, because of the letters of appreciation received, of suggestions made, of continual demonstrations of the purpose of the 25th Anniversary Drive was reached. It was the first to hold her party for twelve; Mary Barrett, '42, to complete her party for eight, and Mrs. Robert Grandfield, Julia Grandfield, and Katherine McLeod to complete their parties for four.

When we ask friends for their interest, let us remember those non-graduates who were classmates with us, who would still like to be brought into things Emmanuel. Should any alumna desire the names, more particularly, perhaps, the addresses of those alumnae living near her home, we shall be pleased to be of help.

Only as each one gives her dollar as one of the groups of our second milestone of $25,000 be reached. Remind your friends that their names are placed where God can stretch His ever powerful Hand to bless them.

We look for our motto—For God, Our Country, and for College. We have already proved the genuineness of our purpose. Co-chairman Mary J. McCarthy, '34, has dedicated her life to God as a future Sister of Notre Dame; Co-chairman Elinor Rich, '31, now Lieutenant (j.g.) Elior Rich U. S. N., will serve her country directly. We welcome Mary Ayers, '26, to serve the College.

With the Fall season we shall all start off with renewed effort. Mary McCarthy is in the Physics laboratory, and Anna Walter is in the Computer's laboratory. Margaret Henry and Marguerite Curtin are claim investigators for the Employers' Liability Insurance Company.

SUMMER PARTY

It almost seems that the weatherman is permanently against us on our Summer Party. Once again the most drizzly day of the season was the one selected for our Dessert Bridge. July 18th dawned rainy, July 19th disappeared, and as usual you meet with the weather man and were doined by "Vanishing Bridges." In the

"Vanishing Bridges" we have the opportunity to "sell" our college to our friends. The zeal and joy of spirits stimulated by those who give a bridge for twelve should increase as the circle widens to reach eight friends, and then widen more to reach the four. Rita Ooms Collins, '40, was the first to hold her party for twelve; Mary Barrett, '42, to complete her party for eight, and Mrs. Robert Grandfield, Julia Grandfield, and Katherine McLeod to complete their parties for four.

When we ask friends for their interest, let us remember those non-graduates who were classmates with us, who would still like to be brought into things Emmanuel. Should any alumna desire the names, more particularly, perhaps, the addresses of those alumnae living near her home, we shall be pleased to be of help.

COME ONE COME ALL

NEWS FROM THE APPOINTMENT BUREAU

A year ago we pointed out that the defense program would make for new employment opportunities for women. Since then, changes beyond all expectations continue to prove our prediction.

Our Appointment Bureau announces that almost every one of the one hundred and forty-five Seniors has been placed. In that group there are many unusual placements, at her home in Olney, N.J., and Eileen McSweeney, selected to be trained as inspectors for the Chemical Warfare Department.

Four chemistry majors are chemists' assistants or junior engineers at the Fort Montgomery Arsenal in New Jersey. They are: Mary Ayers, '33; Katherine Brewin Breen, '33, and Katherine McCardy, Barbara McGrath, Phyllis O'Connell, Mary E. Riley.

"October Twenty-Fifth"—We hope that you will red-letter that date in your engagement book and come. This meeting promises to be interesting, and as usual you meet with classmates, fellow alumnae, and faculty members. Don't forget! October twenty-fifth!

EDITORIAL

Dear Alumna:

During the past few months more launchings have taken place than our country has ever known. It is thrilling to read about them and inspiring to see them, and whenever we watch a ship go down the ways, before our eyes flickers a panorama of salvage, ration cards, sacrifice, farewells, and memories. If we are patriotic citizens, we help to launch every ship.

Not very long ago a drive was launched at our Alumnae Banquet, a drive that is as important to wartime effort as any ship. How? Because its motive is to promote civilization and we reap the harvest of successful research in every walk in life. The more cynical and selfish among us will remark that a cause is as important to war-art as any ship. How? Because its motive is to promote science. Science is necessary to civilization and we reap the harvest of successful research in every walk in life. The more cynical and selfish among us will remark that a "science building won't do them any good." This has always been a by-word with those who do not orient themselves with progressive ideas, and time alone can show them their error.

You may not be able to join the WAACS or the WAVES, you may not work in a Defense Plant, but you can have a harmonious union between your duty to your country and to your Alma Mater. Buying Stamps and Bonds is your patriotic duty. To share them with her is a privilege. And when that day comes when the Science Building is about to be a reality, you'll have the joy of panorama—your denials, your sacrifices, and above all, your good will, for they will have made a reality that is an extension in the Kingdom of God.

Yours sincerely,
Ida G. Finn

September 25, 1942

Miss Ida G. Finn
25 Montclair Avenue
Roslindale, Massachusetts

Dear Editor:

The following alumni of your institution are members of the first group of probationary officers at the U. S. Naval Training School, Smith College. This class will be graduated Wednesday morning, September 30, when the group will be addressed by Lieutenant Commander Mildred H. McAfee.

All officers in this group will be assigned to active duty immediately. They will either (1) serve on the staff of one of the various training schools opening in early October, or (2) be assigned to procurement offices throughout the country, or (3) be detailed for special administrative assignments.

All officer candidates for the Women's Reserve will be trained either at Smith College, which will receive its first class of 900 on October 6, or at Mount Holyoke College, beginning November 10. Enlisted personnel will be trained at schools opening October 9 at Wisconsin, Indiana, and Oklahoma A. & M.

Later in the year we will be glad to furnish you with similar lists on the officer candidates at Smith and Mount Holyoke. No plan has been made as yet concerning the distribution of such lists from the three schools for enlisted personnel.

Sincerely yours,
Louise K. Wilde
