WHEN THE SAINTS GO MARCHING IN

The Emmanuel "Saints" have had their best season in the college's basketball history with an overall record of 17-3 and a 15-0 record against New England Division III opponents. They have been ranked as high as #12 in New England. A 16-game winning streak was only recently broken in the finals of the Catholic University Invitational.

The "Saints" have added excitement to our campus this year with their quick and fast-break brand of basketball. They averaged 71.4 points per game while giving up only 55.9 points defensively.

More than once this year, they have delighted a crowd of 400 in the Marian Hall gym, all yelling encouragement to "EMMA" and singing loudly to an energetic and familiar "When the Saints Go Marching In" played at the home games by a 4-piece pep band from Boston Latin. Local high school cheerleaders have come to rally them on.

Channel 7 has shown a clip of the Emmanuel Tap-Off Tournament on the 11 PM news in November. A Boston cable station filmed the last home game in its entirety and aired it the following evening.

The "Saints have developed into a power to be reckoned with over the past few years. This year, they are one of only 4 teams selected for and ranked #2 in the NCAA New England Regional Tournament to be played on Friday and Saturday, February 28 and March 1.

Getting to this point in college basketball is no accident. It requires long hours of practice and travel while keeping up with academic and, more times than not, work schedules. It requires determination and desire to be the best one can be. It means going beyond physical and mental fatigue and getting the job done anyway. It requires a coach who can put together a cohesive group of 12 - 15 very different individuals, who can encourage them when they are down as well as when they are up, who can detect their assets before they walk onto the court at Emmanuel and then progressively plan their development over the next four years.

It requires seniors who give their all for four years. Like Mary Kamb, a 4-year starter who was the key to last year's rebounder. Like Melody Livramento, a 4-year starter scoring her 1000th point this year, the team's leading scorer and potential All-American candidate. Like Marlayna McDuffie, called "Tiny" by her fans, only 5'1" in height but with a very tall courage. Her spirit often carries the team through any difficult time. And like Lisa Morrison, a 6' key person off the bench, the most intense defensive player, the team's unsung heroine.

Thank you Saints for your hard work and thank you for all you've added to campus life this year.
