**SAMPLE SEARCH IN CINAHL WITH FULL TEXT**

**Subject-Specific Databases in Nursing**

- From the *Research Guides* tab, select *Nursing and Medical* from the drop-down options.
- Then, select the appropriate database from the *Article Databases: Ranked by Relevance* section. Databases include *CINAHL with Full Text*, *Science Direct*, and *Nursing@Ovid*.

**CINAHL: Cumulative Index to Nursing and Allied Health Literature (EBSCO)**

1. Enter search terms in the text boxes.
   - **AND** narrows your search to materials that contain all the concepts/ideas.
   - **OR** broadens the search by retrieving materials that contain any of the search terms.
   - **TX ALL** Text searches for the terms in all the text.

2. Select the appropriate limits from the options found below the text boxes.
   - **Peer Reviewed**: These journals contain articles screened prior to publication by experts in the field.
   - **Published Date**
   - **Research Articles**
   - **Journal Subset**: Nursing

3. Click on Search to display the results.
   - **Hint**: On the results page, change the *Page Options* to *Detailed* to see the abstracts in results list.
